

Measure Guide

Hawse Pipe Bung

Plan View of Hawse Pipe

Measurements required (cm/mm)

M1 = _____

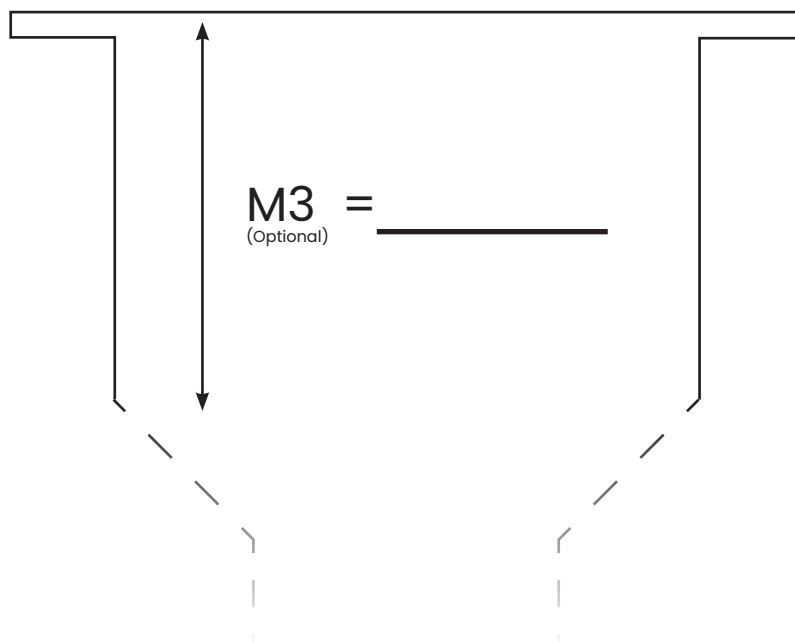

M2 = _____

From these measurements, we can calculate the circumference of your hawse pipe.

As standard, our Inflatable Hawse Pipe Bungs are supplied with a **height of 50cm**.

If you require a different height (e.g. to accommodate for a tapered or narrower hawse pipe), please specify size **M3** below (cm/mm).
